Also need QMP and QAPP. They can be combined in a single doc for removal and remedial. I don't need a FSP for disposal sampling.

Gary

Hello Rafael:

Please confer with Gary Moore concerning the requirements for the removal action. I will defer to Gary's delegated authority to make the decision concerning the qualification of TRC to perform the removal action because he is responsible for oversight of the action.

Gloria, I spoke to Walt Helmick and he informed me that NORCO's contractor will have to submit a QMP and Revised QAPP and FSP for the RI/FS. I am assuming the same requirements apply for the Removal. Please call me to discuss these issues before I contact TRC. Thanks.
